

For Immediate Release:

Eagan, MN – July 28, 2011 – Transport Corporation of America, Inc. is excited to announce the first of a two part pay increase to our Over The Road (OTR) drivers. Effective July 31, 2011 our OTR force will receive an increase of at least one cent depending on level. Our second phase is coming in January where we will have another increase, raising our top pay to 45 cents per mile. As an organization, we are committed to paying the best while expecting the best from our drivers.

Performance and service are keys to our success. This performance based pay system will allow drivers to be paid at a higher rate per mile, while giving them the opportunity to advance to the top of the pay scale at a quicker pace. Drivers will have the opportunity to earn top pay in three to five years depending on experience.

Transport America continues to remain one of the leading employers in the industry by offering our drivers with competitive pay packages, good health benefits, advanced technology, and leadership that cares! We are excited for this opportunity to show our commitment to you as we deliver excellence in all that we do.
